■ About NEONPIXEL - MEGA ADVENTURE SET

"NEONPIXEL - MEGA ADVENTURE SET" is a collection of tilesets suitable for RPG Maker MV and RPG Maker MZ, suitable for creating mountain areas, mountain abandoned villages, villages, bases inside the house, moon elfs locations, dwarf locations, throne hall, small smelter.

■ System Requirements

System supporting "RPG Maker MZ" and "RPG Maker MV".

■ How to use this pack

Please follow the bellow steps when you install asset data to RPG Maker MV and RPG Maker MZ.

<Example: Asset data from tilesets folder>

1. Run the editor of "RPG Maker MZ" or "RPG Maker MV" and open the project to which you want to add materials from this collection from the menu.
2. Select [Tools]> [Resource Manager] from the main menu.
3. The [Resource Manager] screen will be displayed.
4. Select the "img/tilesets" folder. (If there is no folder, create a "tilesets" folder under *the project folder/img/*)
5. Click the [Import] button at the screen's top right.
6. Select the folder that contains the materials.
7. Select the materials file you want to add.

* Import the material data of "characters" in the same way please.

* Please read the manual included with each Maker when you want to use other Maker software versions.

END USER LICENSE AGREEMENT
